Young Communist League	tysonstrandlund@hotmail.com	Today our generation confronts war and imperialist aggression, poverty wages and dead-end jobs, and the burden of debt from education. Everywhere, youth and students confront racism, sexism, homophobia, and other oppressions. Canada is a democracy - but for whom? Everywhere, big business, not the people, call the shots. Big business holds the economic power, and its interests are undemocratically overrepresented in the Canadian political system. It is urgent: we must confront and defeat the rule of powerful monopoly corporations.

		Our unity is founded on the recognition of Canada as a country of many nations, bound unequally together, First Nations, Métis, Inuit, Quebecois, and the dominant oppressor English-speaking nation. Our unity is anti-racist, anti-sexist, anti-homophobic, and anti-ageist. We are open to all who share our political aims, regardless of background. Our goals are clear - short term, to build the youth resistance - Long-term, to build socialism.
