## SECTION 1 - BOARD OF DIRECTORS

---

### **PART 1: DIRECTOR CONDUCT AND DUTIES**

#### **1.1 Board of Directors Values**

- a. **Good Governance:** We take our responsibility to ensure the long-term stability and health of your students' society very seriously. To us this means ensuring participatory democracy and transparent decision-making, being prudent and judicious with your student fees, and being accountable for our actions.
- b. **Environmental Sustainability:** We recognize the urgency of the climate crisis and are committed to doing our part. We work to reduce the environmental impact of UVSS operations and support sustainable initiatives that are relevant to students. We strive to be climate justice leaders that set an example for our members, UVic, and the greater community. We recognize that the climate crisis intersects with existing structures of oppression and acknowledge anti-racism and decolonial work as essential components of climate justice.
- c. **Service:** Service to students is why we exist. Our student-centered approach drives us to provide services that are high-quality, relevant, and meaningful to students. We provide essential services to all members of the UVSS: The extended health and dental plan, the U-PASS, Peer Support Centre, and the Food Bank.
- d. **FUN:** We value fun in everything that we do. To us that means creativity, passion, spirit, lightheartedness, and not being overly bureaucratic. Campus should be a fun place to be and students should feel excited and engaged about the work their students' society does.
- e. **Decolonization:** Our campus resides on the unceded and unsurrendered land of the Lekwungen people, including the Esquimalt, Songhees, and WSÁNEĆ Nations. We are committed to holding our institutions accountable to reconciliation and decolonization by challenging systems and practices that oppress Indigenous peoples. We aim to elevate Indigenous voices and perspectives by confronting colonial norms and frameworks. We will continually educate our members, create open dialogue, and take action to dismantle colonial systems. We aim to elevate all First Nation, Inuit and Metis peoples - including but not limited to women, girls and queer/Two-Spirit folks - that continue to experience ongoing systems of oppression that inter-lock with and originate from colonialism, such as racism, sexism, homoantagonism, transantagonism, ableism, and others.
- f. **Excellence:** We aim to be a leader not just among student societies, but among non-profits – and we pursue this goal through excellence. To us that means driving innovation, promoting a learning culture, investing in our people, and by taking a compassionate approach to everything that we do.
- g. **Social Justice:** Whether we are advocating for student issues or putting the profits from our businesses back into services for students, the UVSS works every day to ensure no person is left behind. Promoting social justice means supporting, uplifting and providing services to students and student-led organizations on campus that center issues of equity; this includes, but is not limited to, confronting racism, sexism, transphobia, homophobia, ableism, colonialism, and all other discriminations and/or systems of oppression. We work with campus and community partners to raise awareness and empower students to create change.

## 1.6 Progressive Resolution and Performance Management Policy

### a. Objective

- i. Sometimes there are questions about a Director's quality and/or quantity of work and their ability to meet their duties and responsibilities set out in UVSS Bylaws and policies.
- ii. All Directors have the right to safely address and resolve conflict and respond to any questions about their performance. The purpose of this policy is to provide an accessible, effective and consistent method for Board members to present and resolve their concerns.
- iii. Directors may bring a support person to any meeting with other Directors.
- iv. Directors dissatisfied with this process or facing worsening conflict are encouraged to consult with UVic EQHR. Concerns with UVSS staff must be raised with an excluded manager.
- v. This policy distinguishes between interpersonal conflict resolution and performance management of Lead Directors, recognizing that Lead Directors are paid roles with defined operational responsibilities. Under the Societies Act, a director must act honestly and in good faith with a view to the best interests of the society, and exercise the care, diligence, and skill that a reasonably prudent individual would exercise in comparable circumstances.

### b. Principles of respectful and professional conduct

- i. All Board members acknowledge that the UVSS Board must discuss difficult issues and work through differences of opinion, including topics related to oppression and the responsibilities of a students' society
- ii. We understand that Directors are students and have many demands on their time and energy.
- iii. We understand that Advocacy Groups represent marginalized and diverse groups, and face disproportionate emotional labour demands and barriers to participation.
- iv. We also understand that every Director has a fiduciary duty to responsibly represent the UVSS, as per the Constitution and Bylaws and the Societies Act.
- v. Lead Directors are paid and have an obligation to complete their associated job duties in exchange for that salary.
- vi. All Directors have unique lived experiences and as a result, some conversations and topics may be more difficult for some folks than others.
- vii. Directors have the right to receive communications and concerns via email, and have at least five business days to respond, before conversations are initiated. We will resolve issues with confidentiality and respect, and in a timely manner.
- viii. We are open to being wrong, and are not afraid of facing and resolving conflict.
- ix. When appropriate, we will resume our professional relationships with respect and direct communication.
- x. We acknowledge that everyone has different abilities to respond to conflict and concerns and deserves the time to process, seek out resources, and respond appropriately.

- xi. We all play a role in our collective self-improvement, and the positive progression of the organization as a whole.

**c. Conflict Resolution Process**

- i. This process applies to interpersonal conflict, communication challenges, and behavioural concerns between Directors.
- ii. This process is collaborative in nature and is intended to support mutual understanding, relationship repair, and respectful working environments.
- iii. Concerns related primarily to job performance of Lead Directors may be addressed under the Performance Management Process.
- iv. Where, at any stage, it becomes clear that the concern relates primarily to job performance rather than interpersonal conflict, the matter may be referred to the Performance Management Process.
- v. **STEP ONE**
  - 1. Attempt to resolve issues with the other Director(s) involved, in private. Directors may skip this step if they choose.
  - 2. Respondents shall also be given a reasonable time frame in which to correct their behaviour or improve their job performance and they shall be offered assistance to help build their capacity. This shall constitute the first step of a four-step progressive resolution process.
    - a. Discussion guidelines:
      - i. Issues should be approached with humility and the intent to learn.
      - ii. The conversation should focus on problem-solving and improving the overall process.
      - iii. Understand intent – if it is not to find a respectful solution, take a step back before having a conversation.
      - iv. Have a direct and honest conversation with the other person, starting by clarifying your purpose.
      - v. Describe the behavior specifically, without referring to your assumptions about their intention. Describe how their behavior affected you.
      - vi. Give them the opportunity to respond and ask for their point of view.
      - vii. Indicate what you'd like them to do differently or what steps you would like them to take and ask them to do so in return – respect reasonable requests.
      - viii. Agree on guidelines for future behavior that will address concerns raised by both of you, and record the content and/or agreements in a follow-up email to the Directors involved.
      - ix. Ask direct questions and encourage direct answers; seek clarification where needed.
- vi. **STEP TWO:**
  - 1. The Director may contact:
    - a. The Director of Outreach and University Relations.
    - b. Advocacy representatives are welcome to contact the Director of Student Affairs.

- c. If the issues concern the Director of Outreach and University Relations or Director of Student Affairs, they can contact the Director of Finance and Operations.
- d. Executive Director
- e. Or move to step three.
  - i. The contacted Director will organize and facilitate a meeting to produce a resolution and increase understanding among Directors, and may invite a neutral third party (e.g. the ombudsperson) to lead the meeting. Minutes must be taken and stored confidentially by the Director of Outreach and University Relations, another Lead, or Executive Director.
  - ii. An objective of this meeting is for the parties to set clear expectations for behaviour and performance improvement, and describe milestones to measure success at meeting those expectations.

vii. STEP THREE:

1. If the discussion with other Directors does not resolve the problem to the mutual satisfaction of the Directors involved, the matter may be referred to the Executive Committee through a lead director or Executive Director either by submitting a written account or attending an Executive Committee meeting.
2. An excluded manager may organize a meeting to produce a resolution and increase understanding among Directors facilitated either by them, or by a neutral third party (e.g. the ombudsperson). Minutes must be taken and stored confidentially by the Director of Outreach and University Relations, another Lead, or Executive Director.
3. An objective of this meeting is for the Executive Committee to set clear expectations for behaviour and performance improvement, and describe milestones to measure success at meeting those expectations. Minutes must be taken and stored confidentially by the Director of Outreach and University Relations, another Lead, or Executive Director.
4. The Director under review shall be given at least three business days to acknowledge that they have received the communication, and a further five business days to respond to the concerns and expectations in writing. This response time may be extended by mutual agreement. They shall also be given a reasonable time frame in which to correct their behaviour or improve their job performance.

viii. STEP FOUR:

1. If, after a suitable period of time has gone by without improvement, the matter may be brought to an in camera session of a Board meeting. At least five business days' notice must be provided to the respondent(s), and they must be present at the meeting in order to respond and answer questions. After, they may be asked to leave so that the Board may determine a course of action.
2. Disciplinary action may include, but is not limited to, a formal statement of disapproval, documented in the publicly available minutes, and/or removal of benefits.
3. Depending on the seriousness of their actions, the Board may pass a motion to initiate proceedings to have the director removed from the Board of Directors, as per the Societies Act of British Columbia.
4. Disciplinary motions must be passed by a 2/3 vote of the Board.

#### **d. Responsibilities and expectations**

- i. The University of Victoria Students' Society is responsible for:**
  1. Providing all employees and Directors with a harassment-free workplace.

- ii.** This process applies specifically to Lead Directors in their capacity as paid representatives of the Society.
- iii.** A Lead Director may be referred for performance review where they:
  1. Fail to report to work for three (3) consecutive working days without prior notice or subsequent communication providing reasonable justification;

- iii. Complaints should be made as soon as possible but no later than within one year of the last incident of perceived harassment, unless there are circumstances that prevented the director or excluded employee from doing so.
- iv. Campus Security may choose to tell the person that the harassment complaint has been made against, in writing, that a harassment complaint has been filed. The letter will also provide details of the allegations that have been made against him or her.
- v. Every effort will be made to resolve harassment complaints within 30 days. Campus Security will advise both parties of the reasons why, if this is not possible.
- vi. If either party to a harassment complaint believes that the complaint is not being handled in accordance with this policy, he or she should contact the UVSS Personnel Committee.

### **b. Mediation**

- i. Wherever appropriate and possible, the parties to the harassment complaint will be offered mediation prior to proceeding with a harassment investigation.
- ii. Mediation is voluntary and confidential. It is intended to assist the parties to arrive at a mutually acceptable resolution to the harassment complaint.
- iii. The mediator will be a neutral person, agreed upon by both parties. The mediator will not be involved in investigating the complaint.
- iv. Each party to the complaint has the right to be accompanied and assisted during mediation sessions by a person of their choosing.

### **c. Investigation**

- ii. The investigator will interview the person who made the complaint, the person the complaint was made against and any witnesses that have been identified. All people who are interviewed will have the right to review their statement, as recorded by the investigator, to ensure its accuracy.

**PART 13: EXCLUDED PERSONNEL**

**13.1 Administration & Management Philosophy**

**a. Preamble**

- i. The UVSS is a values-based, mission driven non-profit social enterprise that is founded on the principle of equity and exists for the purpose of advancing the interests of students. The Society's core principles, values, vision, and mission are outlined in the current UVSS Strategic Plan. Excluded personnel shall ensure that that the core

principles and progressive values of the UVSS outlined in the current strategic plan are observed and enacted in all aspects of the Society's operations – including its policies and procedures, program development, community relations, human resource management, and strategic planning.

- ii. Excluded personnel shall facilitate cooperation among students by overseeing the operation of services and businesses which supplement the learning experience, provide for human needs, and which develop a sense of community between students and with other members of society.
- iii. The financial independence, self-sustainability and social mission of the Society's business units is dependent on excluded personnel fostering a culture of innovation, creativity and teamwork among department managers and all unionized staff in order to increase the value of these business units to students.
- iv. The performance of excluded personnel is critical to the Society fulfilling its current mission. Because the individuals in these roles directly influence the Society's success and financial health, the Board shall set standards and objectively and fairly evaluate the performance of its excluded personnel against these standards.
- v. The Society shall seek to recruit, hire, and retain excluded personnel who possess strong skill sets in leadership, community and team building, business management, strategic thinking, and vision. Utilizing this skill set, excluded personnel shall support the Board of Directors in pushing the Society towards being a recognized leader in the non-profit sector.

**b. Excluded Personnel**

- i. The following personnel are considered excluded personnel:
  1. General Manager
  2. Executive Director
  3. Human Resources and Administrative Services Manager
  4. Constituency Groups Director

**13.2 Compensation**

**a. Preamble**

- i. The Society is committed to establishing and maintaining competitive salaries for excluded managers, reflective of current market conditions. Salary ranges shall be determined by comparing to similar positions in the non-profit sector and the marketplace, as determined by survey data provided by an independent compensation analyst at least every three years.
- ii. As a values-based organization founded on the principle of equity, the Society is committed to an equitable compensation system that is inclusive of its excluded *and* unionized employees. The Society supports pay fairness from the lowest student classification to the General Manager, Human Resources and Administrative Services Manager, and Executive Director. The Society does not support a system of compensation where there is clear inequity between the lowest paid employee and the highest paid employee.

**b. Salary Increases**

- i. In keeping with the values of equitable compensation and workplace fairness, the Society may provide salary increases to excluded managers within a fiscal year which are reflective of the increase in the current cost of living allowance (COLA).
- ii. Corrective adjustments in addition to COLA can be made if it is justified by the job market and is supported by survey data provided by an independent compensation analyst conducted within the last three years. The magnitude of the percentage increase shall be reflective of the manager's performance review. For example, in the case of an

exceptional review, the Personnel Committee may consider an increase that brings the individual to a salary leading the market. In the case of a performance review indicating underperformance, additional funding should be allotted to professional development instead of being allocated to a salary increase.

- iii. All changes to excluded management salaries shall follow the following process:
  - 1. Personnel Committee shall recommend changes to compensation which will be presented to the Board of Directors while in camera.
  - 2. While in camera, the Board of Directors shall review the most recent market analysis conducted by a third party and performance review.
  - 3. After the recommended changes to compensation are presented in camera, the chair of Personnel Committee shall motion that the Board of Directors approves the changes to compensation.
  - 4. The motion to approve the changes to compensation shall require the support of a majority of the Board of Directors present and voting.
  - 5. The changes to compensation shall be entered into the minutes as an appendix if the motion of the Board of Directors passes.
  - 6. If the changes to compensation are not approved, any record of the proposed changes shall remain confidential and shall not be entered into the minutes.
  - 7. Except for in exceptional circumstances as detailed below, changes to excluded management salary shall only occur in March or April and will take effect in the fiscal year following the changes.
- iv. In exceptional circumstances, Personnel Committee may recommend a change in compensation to the Board of Directors when an excluded manager's existing job duties are altered or the volume of work increased. This request must be accompanied with a change to the excluded manager's job description or the minutes of a motion which requested that an excluded manager take on additional duties. Motions for exceptional additional compensation shall require a two-thirds [2/3] majority vote of the Board of Directors.

### **c. Bonuses**

- i. The Society does not support the practice of incentivizing staff through regular/annual performance or retention bonuses. In the non-profit sector, bonuses can be counter-productive – the best practice of reward is through fair compensation. Retention of excluded personnel will be achieved through competitive compensation and benefits; flexibility; and a progressive workplace environment.
- ii. The Society does not support bonuses for the following reasons:
  - 1. The Society is a non-profit social enterprise. Under the social enterprise model, the purpose of profits from business units is to be funnelled back into services and resources for students.
  - 2. Revenue development to achieve financial success is a team effort, involving *all* staff and board members. If excluded personnel are rewarded for dollars raised or dollars made, staff and directors are likely to react negatively when excluded personnel get what is essentially “a piece of the action.”
  - 3. The drive to attain short-term and possibly less substantive outcomes can undermine more meaningful purposes if that's where the reward lies.
  - 4. Excluded personnel who lead non-profits are driven by a great extent by the mission and values of the Society – not the money. Bonuses have the potential to degrade the drive that is fuelled by passion.

## **13.3 Benefits**

### **a. Preamble**

- i. The Society is committed to establishing and maintaining a competitive benefits package for excluded personnel, reflective of current market conditions. Benefits shall be determined by comparing to similar positions in the non-profit sector and the marketplace, as determined by survey data provided by an independent compensation analyst.
- ii. In keeping with the Society's stated intent to support fairness in compensation for all of its employees, the benefits package for excluded employees shall be comparable to benefits provided to permanent unionized employees.

**b. Excluded Personnel Benefits**

- i. Excluded personnel shall receive the following benefits:
  - 1. Extended health benefits
  - 2. Dental plan
  - 3. Group life insurance plan

- c. When an excluded employee is on vacation and a paid general holiday occurs during that period, the holiday shall not count as a day of vacation.
- d. It is the responsibility of the Personnel Committee to ensure that excluded employees have the opportunity to take their basic vacation entitlement annually. The Personnel Committee shall ensure that vacation is scheduled consistent with work requirements, and whenever possible in response to an excluded employee's preferences for vacation periods.
- e. In the event of termination, vacation entitlement shall be calculated up to the final date of employment. The Personnel Committee shall determine whether any unused entitlement is granted as vacation days prior to the termination date or granted as pay in lieu. Where vacation used exceeds vacation entitlement on the date of termination, the employee shall pay back the value of the excess days.
- f. The Personnel Committee shall keep records of actual vacation days used by excluded employees, along with the dates of commencement and completion.
- g. Excluded employees shall be entitled to office holidays as observed in the Collective Agreement.
- h. Excluded managers shall ensure that vacation does not overlap in a way that would substantially interfere with the normal functions of the University of Victoria Students' Society.

**13.5 Leave**

**a. Preamble**

- i. All leave benefits shall be prorated if the excluded manager is less than full-time.

**b. Parental Leave**

- i. For excluded personnel who are pregnant, or whose partner is pregnant, or who legally adopt a child, the society shall grant parental leave. A minimum of four (4) weeks' notice is required by the society for parental leave to be granted. The length of leave shall be consistent with government legislation.
  - ii. The Society shall grant excluded personnel fifty percent (50%) of their pay for up to twenty-six (26) weeks during parental leave.
- c. Bereavement Leave**
- i. An employee shall be granted up to 5 days paid bereavement leave when deemed necessary.

  - iii. If an employee's inability to perform their duties due to illness extends beyond one week the matter shall be referred to the Personnel Committee and upon that committee's approval, shall grant leave of absence with pay for up to one month.
  - iv. If the illness continues beyond the initial leave of one month then the leave of absence with pay shall be extended as required, by the Personnel Committee, for an additional period or periods not exceeding three months.
  - v. If at the end of four months' absence because of illness, the employee's physician considers recovery from illness not likely within a further two months, application shall be made for the disability insurance benefit to commence in the normal manner after six months' sick leave.
  - vi. If the employee is still absent because of illness after six months, and the disability benefits have been approved, the Personnel Committee shall post the position in question as a temporary employment position.
  - vii. Probationary excluded personnel shall be entitled to sick leave at the rate of two days per month for full-time service.
- e. Excluded Management Personal Leave**
- i. Excluded management shall be entitled to personal leave with pay for the following reasons and corresponding lengths of time:
    1. Employees marriage or formal partnership ceremony three (3) working days.
    2. Legal separation, divorce, or formal partnership separation one (1) working day.
    3. Serious household or domestic emergencies and household moves two (2) working days (with only one (1) day per calendar year used for a household move).
    4. Child care of other child related responsibilities including and immediate family member or immediate family related responsibilities eight (8) working days.
    5. Canadian citizenship leave one (1) working day.
    6. Under severe weather conditions, where unsafe to drive or no transit – one (1) day, or longer if transit is not running.
  - ii. This policy should be updated from time to time to align it with the personal leave provided to permanent unionized staff. The Personnel Committee shall keep records of personal leave used by excluded employees.
- f. Leave of Absence Without Pay**
- i. Excluded personnel may apply for and may, in certain circumstances, be granted leave of absence without pay. Such leave of absence is not granted automatically.

- ii. Applications for leave of absence greater than one month must be made in writing to the Personnel Committee stating both the reason for the requested leave and its duration.
- iii. Leave of absence without pay will be granted only if, in the opinion of the Personnel Committee, such absence would not substantially interfere with the normal functions of the University of Victoria Students' Society.
- iv. Requests for leave without pay will not normally be granted when the employee has unused vacation entitlement.
- v. During a period of approved leave of absence without pay, an employee may continue any or all of his/her Society benefits by assuming the total cost thereof. Contributions may be paid in advance or on the normal monthly basis.

### **13.6 Professional Development**

- a. The University of Victoria Students' Society recognizes its responsibility for providing excluded employees with regular opportunities to upgrade relevant skills through professional development.
- b. All professional development activities which involve either time taken from regular work hours or an expense to the Society, must be approved by the Personnel Committee in advance.
- c. For each excluded employee, \$2,000 per year shall be allocated for professional development, which would include but not be limited to seminars, workshops, conferences, retreats, and courses. Personnel Committee agrees to review and evaluate all requests for professional development when the cost would exceed the budgeted amount.
- d. Travel expenses, accommodation and per diems may be charged against an excluded employee's annual professional development allocation, at the discretion of Personnel Committee.
- e. Excluded employees are expected to spend at least 35 hours on professional development per year.

### **13.7 Travel Expenses**

- a. The Society will compensate employees other than those paid by commission for reasonable travel expenses incurred in the conduct of approved Society business.
- b. The Society shall pay excluded employees per diems when working outside the Capital Region and shall include travel days. The amount paid shall be \$30.00 per day when meals are provided and \$75.00 per day when meals are not provided. Individual meal allowances shall be as follows: fifteen dollars for breakfast, twenty dollars for lunch and forty dollars for dinner.
- c. Employees may request a travel advance. If actual expenses are less than the advance, the employee must promptly pay the difference to the Society.
- d. The use of a private automobile on Society business is to be reimbursed at a rate consistent with the collective agreement for unionized staff. Transportation costs claimed should represent no more expense than that required travelling by the most direct route and the cheapest public transport practical.

### **13.8 Evaluation**

#### **a. Purpose of the Performance Review Process**

- i. The performance review process gives both the Board and the excluded managers the opportunity to review the excluded managers' agreed-upon goals and outcomes for the past year and to set goals and objectives for the coming year. It provides a mechanism for discussing opportunities for improving performance and achieving the Society's goals and objectives.

- ii. Excluded managers play a significant leadership role as the Board's agents and the Society's success is linked directly to how excluded managers are performing their jobs. Evaluating excluded managers is an integral component of the Board's responsibilities.

**b. Responsibility & Training**

- i. The Personnel Committee, under the leadership of the Director of Finance and Operations, shall conduct an ongoing annual performance review for the excluded managers.
- ii. All directors and SUB staff may submit information to the individual or group responsible for a position's evaluation at any time.
- iii. Members of the Personnel Committee shall be given training from an external professional within six weeks of being elected to the committee at the commencement of the board term. This training shall be in performance evaluation and the effective management of non-profit excluded personnel.

**c. Process & Timeline**

- i. Every year Personnel Committee shall execute a complete review of the excluded managers. The annual performance review process shall commence no later than July 1. The results of this review shall be communicated to excluded managers and presented to the Board in April.
- ii. The internal review process shall follow the processes outlined in the UVSS Performance Program for Excluded Management.
- iii. The Personnel Committee shall meet regularly with excluded managers to ensure that their performance is aligned with their job descriptions, the strategic plan, and the priorities of the current Board.
- iv. The Personnel Committee shall give a report and solicit input on excluded managers' performance to the Board of Directors on a semesterly basis. Ideally these reports shall be given at the first board meetings in September and December, with a final summary review to be presented to the Board no later than the first board meeting in April.
- v. The General Manager, Human Resources and Administrative Services Manager, and Executive Director shall give a detailed verbal report on the finances and operations of the Society to the Board of Directors on a semesterly basis. Ideally these reports shall coincide with the Personnel Committee's semesterly performance reports to the Board.
- vi. Personnel committee shall conduct an external performance and compensation review of excluded personnel every three years. This shall be a full 360 review which shall collect feedback and input from all directors, staff, and stakeholders. The next external reviews must begin no later than July 15, 2023.

**d. Relationship to the Strategic Plan**

- i. The performance review process shall be linked directly to the Society's strategic plan and, in particular, the goals and measurable objectives for the planning period. Specific goals or key result areas shall be identified at the Society's annual board orientation. These goals/result areas should be based on those set out in the strategic plan. The performance review will focus on achievement in these areas, rather than just day-to-day operational matters and the job description.

**e. Appraisal**

- i. Since the success of the organization is often largely related to the successful performance of the excluded managers in implementing the Society's goals and objectives, it is important to obtain input from a variety of key stakeholders. Therefore, a 360° performance review approach shall be used, whereby input is sought and received from the Board, the excluded managers' direct reports (department managers, board staff, etc.), and a self-assessment prepared by the excluded managers. All input shall be

treated with the utmost confidentiality. Although it can be time-consuming, the 360° performance review approach is invaluable as a way of identifying both areas for improvement and strong performance.

**f. Overcoming Bias/Personality Conflict**

- i. The criteria for evaluating excluded managers shall be agreed upon in advance, and shall be based on achieving the Society's goals and objectives. Criteria shall be objective and measurable. By doing this, it removes much of the danger of blatant subjectivity, personal bias or personality conflicts from entering into the process, as the focus is on organizational goals and measurable outcomes, rather than individual characteristics.

**g. Mutual Goal Setting**

- i. The excluded managers' performance reviews shall be linked to the Society's strategic plan, and in particular, its objectives and strategic priorities in the annual business plan(s). Specific performance goals for an excluded manager shall be negotiated at the beginning of each evaluation period between the excluded manager and the Personnel Committee. This shall be put in writing and signed by both parties. Goals can either be very specific with numerical targets, or more general, depending on the type of goals being discussed and the organization itself. Performance goals for an excluded manager shall not be determined by the Personnel Committee without the excluded manager's agreement.

**h. Addressing Performance Issues in a Positive Fashion**

- i. If any performance issues arise in the course of the performance review process, care shall be taken by both the excluded manager and the Personnel Committee to discuss these in a constructive, positive, solution-focused manner. Receiving negative feedback is difficult for all employees, regardless of their level within an organization; the person or persons giving feedback on performance problems should always try to keep the balance in being helpful and ego-enhancing. The language used is important, and care must be taken to ensure that what is said is constructive and helpful.

**13.9 Corrective Action**

- a. Both the Board and the excluded managers invest a great deal of effort, energy and emotion into the employment relationship. All human beings fall short at some point, and rather than terminating the relationship, there is considerable wisdom and fairness in trying to better the situation through corrective action.
- b. The Board shall also be mindful of its legal responsibilities. In most situations, employees must be informed of how their performance is deficient, the expectations of the employer, and given reasonable time to remedy the situation. The only exceptions are where the conduct of an excluded manager is so egregious that immediate termination is legally justified (e.g., proven theft of property or sexual harassment of staff). Additionally, managers have a right to a congenial work environment where their privacy is respected. As such, the board should respect their obligation to maintain the privacy of personnel by only discussing these matters in camera. When in doubt, the Director of Finance and Operations shall consult qualified legal counsel with knowledge of current employment law.
- c. **Concerns with performances or conduct**
  - i. Except for in the instance of organizational restructuring, the decision to terminate will generally be based on concerns with performance or conduct. Personnel committee is responsible for looking into these concerns and initiating the performance improvement process, in addition to the progressive discipline process.
  - ii. All persons shall submit all complaints in writing to be investigated by Personnel Committee before corrective action is taken. The complaint shall include specific

instances of underperformance and/or unacceptable action taken by the manager, dates and times where possible, and the contact information of the complainant.

**d. Performance Improvement Process**

- i. Once individuals' concerns with an excluded manager are validated, a Performance Improvement Plan shall be created by Personnel Committee and the excluded manager to help the manager improve work performance, and formalize the process for doing so.
- ii. Performance Improvement Plans shall focus on short-term goals for improvement. The plan will identify specific steps, such as additional training; expected outcomes; the improvement in performance is defined in measurable terms; and the timeframe to achieve the improvement (e.g., the result must be reached within six months, at which time another review will occur in the specific area).
- iii. Throughout the agreed-upon time frame, Personnel Committee shall monitor and provide feedback to the excluded manager.
- iv. If performance does not improve in the time-frame agreed to, it may be extended (by mutual consent in writing); the progressive discipline process may be initiated (if inappropriate conduct warrants it); and/or (depending upon the seriousness of the performance circumstances), the manager may be dismissed.

**e. Progressive Discipline Process**

- i. The Progressive Discipline Process is initiated when an excluded manager conducts themselves in a manner that goes against one or more of the UVSS policies or values (i.e., misconduct).
- ii. Personnel Committee must first determine the magnitude of the issue (e.g., minor, moderate, or severe). In doing so, Personnel Committee must consider the seriousness and/or frequency of the issue, the manager's work and conduct history, and the impact of the manager's actions on the society. This will determine what step of the Progressive Discipline Process is initiated.
  1. The first step in the Progressive Discipline Process is a verbal warning. Personnel Committee shall make it explicitly clear to the excluded manager that it is a verbal warning. The date, time, and nature of the incident will be recorded and placed in the excluded manager's personnel file. Focus should be placed on preventing the incident from occurring again.
  2. The second step in the Progressive Discipline Process is a written warning. This will occur if the manager's performance and/or conduct has failed to improve within a reasonable time period. In a meeting with the manager and the chair of personnel committee, the manager should be given a letter with an explanation of both the reasons for the warning and the consequences of not improving in the area or correcting the problem within a specified period of time.
  3. Suspension shall only be used when an investigation of a severe misconduct is underway and the details of the issue are not fully known or clear. In this instance, time off should be with pay.
  4. Upon investigation, termination may be determined.

**f. Non-Voluntary Termination**

- i. Non-voluntary termination with cause shall be recommended to the Board of Directors by Personnel Committee. Non-voluntary termination shall be determined through the Performance Improvement or the Progressive Discipline Process and be consistent with the terms and conditions of the excluded management contract (if applicable). With cause means either the manager engaged in egregious behavior (e.g. theft, sexual harassment, etc.) or that the manager did not meet expectations during the last step of the progressive discipline process. Without cause means that there are no performance related or substantiated concerns with the conduct of the manager and therefore proper

notice needs to be provided consistent with the terms and conditions of the excluded manager's contract (if applicable).

1. The first step in the termination process is the decision to terminate. This shall be determined by Board of Directors upon the recommendation of Personnel Committee through the performance improvement or progressive discipline process. Once the decision has been made, a letter shall be created to notify the manager of their termination with the input of an outside HR company or legal counsel.
2. The second step in the termination process is a termination meeting between the excluded manager and Personnel Committee. This shall be a private meeting to review the reasons for termination as outlined in the letter.
3. The final step in the termination process is communication of the excluded manager's departure from the organization. The termination of the excluded manager must not be communicated to anyone outside of the Board of Directors and Personnel Committee until the termination meeting has been completed. When communicating the manager's departure from the society, it is imperative that no specific details why the manager has been terminated are communicated.

#### **1.1 Statement of Commitment**

- a. The University of Victoria Students' Society (The Society) is committed to the principles of the UN Convention on the Rights of Persons with Disabilities, including the principle of accessibility. In accordance with the Convention, the Society recognizes that persons with disabilities have rights to:
  - i. Full and equal participation in cultural life;
  - ii. Full and equal participation in recreation and leisure;
  - iii. Full and equal access to education;
  - iv. Full and equal access to work and employment;
  - v. Full and equal participation in public and political life;
  - vi. Be included in the community with the same choices as others;
  - vii. Seek, receive, and impart information on an equal basis with others; and
  - viii. Privacy.
- b. Therefore, the Society accepts that it has a responsibility to ensure that all of its programs and services are fully accessible to all persons, regardless of impairment. The Society's responsibility includes the responsibility to ensure that all goods, services, buildings, structures, premises, programs, projects, events, meetings, and communications are accessible. To meet this obligation, the Society will develop an accessibility plan that will establish goals towards improving accessibility.

#### **1.2 Principles**

- a. The Society's policies on accessibility are guided by the principles of dignity, independence, accessibility, and equal opportunity.
  - i. **Dignity** - Dignity means providing services so that persons with disabilities maintain their self-respect and the respect of other people. Communication with persons with disabilities shall be done in a respectful manner which takes into account their disability and maintains their dignity. Respect for dignity includes minimizing the stigmatization of persons due to their disabilities and refraining from using communications that deploy ableist terms (terms that discriminate in favour of able-bodied people) to describe persons with a disability and their ability to contribute and participate in the Society's activities.
  - ii. **Independence** – Independence means ensuring that people are able to do things on their own without unnecessary help, or interference from others.
  - iii. **Accessibility** - Accessibility means providing service in a way that allows the person with a disability to benefit from the same services, in the same place and in the same or similar way as others.

- iv. **Equal Opportunity** - Equal opportunity means having the same chances, options, benefits and results as others. In the case of services, it means that persons with disabilities shall have the same opportunity as others to benefit from the way you provide goods or services.

### 1.3 Scope

- a. This policy shall apply, in its entirety, to the Society's staff, volunteers, contractors, visitors, and guests.
  - i. The full definition of disability, as stated by the provincial government, is:
    - 1. any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device;
    - 2. a condition of mental impairment or a developmental disability;
    - 3. a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
    - 4. a mental health condition; or
    - 5. an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

  - i. Training shall include the following:

    - 3. How to interact with people with disabilities who use an assistive device or require the assistance of a service animal or a support person.

### 1.5 Hiring

- a. The UVSS and the Union hereby recognize and support employment equity programs. The parties agree to cooperate in the identification and removal of systemic barriers in the selection, hiring, training and promotion of persons with disabilities. In addition, the parties agree to cooperate in the identification and implementation of steps to improve the opportunities, employment status and participation rates of this group. It is understood that none of these actions will be at variance with the Collective Agreement unless mutually agreed upon between the parties.

### 1.6 Harassment

- a. The Society shall identify the following as harassment within its anti-harassment policies:
  - i. The stigmatization of persons with disabilities; and
  - ii. Ableism (discrimination in favour of able-bodied people).

### 1.7 Feedback Process

- a. The Society is committed to providing high quality goods and services to all members of the public it serves. Feedback is welcomed as it may identify areas that require change and

encourage continuous service improvements. Therefore, the Society shall regularly solicit feedback concerning disability-related issues as they relate to goods and services provided by the Society.

## **1.8 Policy Review and Renewal**

- a. The Society is committed to developing service policies that respect and promote the dignity and participation of people with disabilities. Therefore, no changes will be made to this policy before considering the impact on people with disabilities, including consultation with the Society's current official constituency organization for students with a disability.
- b. Any policy of the Society that does not respect and promote the dignity and participation of people with disabilities shall be modified or removed.

## **PART 2: SERVICE**

### **2.1 Purpose**

- a. The intent of this policy is to enable persons with disabilities to access the range of goods and services offered by the Society within the Student Union Building and wherever else these goods and services are provided.
- b. Persons with disabilities are permitted to use their own personal supports to access goods and services offered by the Society. Personal supports include personal assistive devices, service animals, and support persons.

### **2.2 Communication**

- a. The Society shall strive to communicate with persons with disabilities in ways that consider their disability. This means that the Society will communicate in ways that enable persons with disabilities to communicate effectively for the purposes of using, receiving, and requesting the Society's goods, services, and facilities.
- b. The Society shall fund 100% of the cost for the provision of accessible formats and communication supports for persons with disabilities for all Society meetings, such as but not limited to General Meetings, Board of Directors meetings, Clubs Council and Course Union Council meetings, and speaking events. The Society requires a minimum of two [2] weeks' notice to provide this support. If shorter notice is given, all reasonable efforts will be made to provide necessary supports. A line item in the UVSS annual budget shall be created for this purpose.

### **2.3 Assistive Devices**

- a. Persons with disabilities are permitted to use personal assistive devices to access goods and services offered by The Society.
- b. An assistive device is any device that is used, designed, made, or adapted to assist a person in performing a particular task. Assistive devices enable persons with disabilities to do everyday tasks such as moving, communicating, reading, or lifting.
  - i. Examples of assistive devices include, but are not limited to the following:

    3. Walkers

## **2.4 Accessible Food Services**

- a. The Society is committed to providing safe and accessible food options for persons who have specific food-related health conditions and disabilities.

## **2.5 Service Animals**

- a. Persons with disabilities are permitted to use licensed service animals to access goods and services offered by the Society.
- b. A licensed service animal is any guide dog or animal individually trained by a professional service animal training organization to assist a person with a disability. An animal is a service animal if it is readily apparent that it is being used by a person for reasons relating to her or his disability - or if the person has a letter from a physician verifying that the animal is required for reasons relating to her or his disability. Licensed service animals include licensed emotional support service animals.
- c. Licensed service animals are permitted in all areas of the Student Union Building premises to which students, staff, faculty, and the public normally have access.
- d. There are a few exceptions where a service animal would be excluded by law: The Health Protection and Promotion Act (1990) does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. Therefore, a sign should be placed in food handling areas notifying persons that service animals are not permitted.
- e. However, the Health Protection and Promotion Act does contain specific exemptions for licensed service dogs only, allowing them to accompany their owners into areas where food is normally served, sold or offered for sale.
- f. Should municipal by-laws restrict certain breeds of animals or dogs from the municipality and these by-laws apply even if the animal is acting as a service animal. In unique situations where the presence of the animal presents a significant risk for another person (e.g. severe allergies), the Society is required to meet the needs of both persons in these situations and must devise an accommodation plan that enables both persons to access services and goods accordingly.

## **2.6 Support Persons**

- a. Persons with disabilities are permitted to use support persons to access goods and services offered by the Society. When a support person accompanies a person with a disability to an event hosted by the Society for which there is an admission fee, the support person will not be charged admission.
- b. A support person is someone either hired or chosen to help a person with a disability. A support person can be a personal support worker, volunteer, family member, spouse, or friend of the person with the disability. The Society believes that a support person, in some cases, does not necessarily need to have special training or qualifications.
  - i. Support persons may provide one or more types of assistance.

    - 2. Job coaching

3. Guiding a person with a vision loss
4. Adaptive communication (e.g., Intervener for someone who is deaf/blind)
